PUB HISTORY

The Bagdad Theater was heralded as “a triumph of artistry and craftsmanship” when it opened in 1927. A popular stop on the vaudeville circuit through the 1940s, the Bagdad was also among the first theaters on the east side to screen those new-fangled “talkies.” Beginning in 1991, McMenamins reopened and reimagined the place. A pub was created out front, beer, wine and food was introduced to the theater menu and a stunning barroom was conjured up in the old backstage space. In the process, the landmark theater became a stage for musicians, an author series, movie events and other community gatherings. More recently, the lovely old movie palace was given a much-deserved technical upgrade and began showing first-run flicks.
