1. Apple

Our signature cider is medium-dry and pale yellow gold in color, with flavors of fresh apple, pear, honey and tart acidity balanced out with a hint of sweetness.

2. Blood Orange Ginger

This refreshing cider comes in with a punch of blood orange and a spicy ginger finish that's nicely rounded out with a hint of sweetness.

3. Lavender Elixir

This magical elixir is sure to lift you right up with a nice bouquet of lavender and its soothing taste of chamomile and blackberry honey.

4. Blackberry

The slightly tannic and tart blackberry component is balanced out with residual sugar, while the fermented apple rounds out the mid-palate and finish in this sweet cider.
