## OUR HISTORY

Stepping into the Olympic Club feels like stepping back in time. The enormous Round Oak woodstove, Tiffany light fixtures, tulip wallpaper, massive Brunswick backbar, pool tables, and the urinals in the men's room have been part of the atmosphere since its remodel in 1913. A colorful cast of characters whose stories inhabit the space are conjured up along with the working men who came from the forests, mines, and railyards to enjoy this "gentlemen's resort." Jack Sciutto, AKA King of the Bootleggers, prospered through Prohibition by advertising "soft drinks" while keeping the spirits flowing. Roy Gardner, the notorious train robber known as the Smiling Bandit, was captured in the hotel after escaping federal custody on his way to prison. Police officer Louis Sonney gained fame by capturing Gardner and cashed in with a new career in exploitation films. Art Vogel partnered with Sciutto in the 1930s and was even arrested for bootlegging in 1931. He kept the place hopping in the 1940s and '50s by relying on his knowledge of the workingman gained while toiling in the railyards. His famous half pound "Oly Burger" was also a big draw. The Vogel Family maintained ownership into the 1990s and eventually sold the club to McMenamins. The Olympic Club reopened in 1997 as a brewpub and meeting space, followed by the hotel, theater, and New Tourist Bar in 2002. In the tilework at the entrance. Artist and craftsman David Schlicker repaired the Tiffany-style glass above the windows and recreated the stunning stained-glass awning to recapture the original look of the entryway.
