## McMenamins WILSONVILLE HISTORY

The large, comfortable pub built by McMenamins in 2011 resembles an old hop barn with interior flourishes reminiscent of weathered wharves. It reflects and celebrates the community's ties to early-day agriculture and riverboat traffic, as well as the pioneering ferry and market road established here in the mid 1800s.

A century before the pub's opening, almost to the day, the graceful historic church was built. Its first minister and leading light from the start was Rev. John Exon, who also worked as a steamboat pilot—the perfect metaphor for this distinctive place.

At the time of its construction, the church stood at the north end of the original village, and about a half mile from the Willamette River and ferry crossing. The street leading by the church, bisecting the small commercial center to the ferry was Wilsonville's main drag, Boones Ferry Road. The road followed the same route of an ancient Native American trail leading up the Willamette Valley.

The namesake of the road and ferry, Alphonso Boone was grandson of, yes, the famous frontiersman Daniel Boone. Alphonso had settled this area in 1846, recognizing the great business opportunity of establishing a regular ferry service at the narrow point in the river where a well-worn trail crossed. Native Americans, who had a centuries-long tradition of crossings here, were said to have helped ferry Boone's earliest patrons via their canoes.

Well into the automobile age, Boone's Ferry remained a vital link in this key route between Portland and the Willamette Valley. By the late 1800s, however, the community known to this point as Boone's Landing, took on the new name of Wilsonville, for local postmaster and storeowner Charles Wilson.

In the 1950s, construction of I-5 and the associated Boone Bridge over the Willamette brought an end to the ferry service. It also effectively re-routed traffic from flowing through Wilsonville's commercial center. Reports of the town's impending doom, though, were premature.

The community survived by relocating its town center to a new, more automobile-friendly site on the east line of the freeway. Consequently, Old-Town Wilsonville became a quiet, pocket, and over the years, many of its landmarks have disappeared. The church and a surrounding turn-of-the-century homes and commercial buildings are a keen and historic reminder of Wilsonville's original river-landing community.
